Horticultural Intern

20-30 hours per week, 4 to 6 week duration
Unpaid opportunity
Able to accommodate two people in each season: Spring, Summer or Fall

Explore all facets and the inner workings of a leader in the organic land care business. Shadow Founder during field work and office hours. Assignments may include on-site photography and labelling of photographs for future marketing purposes; seed starting and transplanting work; buying trips; loading and unloading for plantings; and training in on-site organic garden maintenance procedures.

Ideal entry-level position for career changers or students investigating a career in the green industry with an organic emphasis. Interns may choose to interview for a paid position with Pumpkin Brook Organic Gardening, if available, at the end of their internship period.

Send resume and cover letter stating time period desired to phw@seedlingspecialist.com. See our website http://www.pumpkinbrookorganicgardening.com for more information.
